

Christian, will you put a child in the picture

An Education is not a luxury.
It is an essential for a child's future.
Unfortunately the cost of education is high.
And every year it's getting higher.
Many black parents cannot afford to
keep their children at school.
Right now there are over
2 million black children in grade 1 and
under 2 hundred thousand in standard 6.
A disastrous drop-out rate.

The African Bursary Fund is attempting to
cut that rate by providing bursaries for
needy children in rural areas. At present
we are assisting 800 children through
school. Not many when you consider that
last year we received over 3000 applications.
You can help by sponsoring a child
or by sending your contribution to:-
