

DON'T HELP SELLOUTS TO GET R40 000 A YEAR

All over the world, most people have to work all their lives to earn

an honest living. However, a small section of the population lives off the sweat and labour of others. They are the PARASITES. The day the people get rid of these parasites, that day will herald the dawn of great happiness for humanity.

There are different types of parasites. You have the factory owners and bosses who exploit and underpay their workers. You have the greedy landlords who become rich and fat by sucking the blood of their helpless tenants. You have the cruel moneylenders who make a fortune out of the workers who are in need of money. And you have the POLITICAL SELLOUTS who betray_ a whole people to their oppressors.

Most sellouts do it for the money by way of direct salaries, government contracts and valuable information which can be cashed for money.

Under the New Constitution the Coloured and Indian members of the dummy parliament are each to get about R40 000 a year plus a host of benefits, like free air trips, tax concessions, etc. While the ordinary person has to slave day in and day out, in heat or in cold, in sickness or in health, to provide for himself and his family, the SELLOUTS are preparing themselves for a life of EASY luxury.

These SELLOUTS know full well that the people have no confidence in them or in government-created dummy bodies they seek to enter. Yet they shamelessly pretend to have the welfare of the people at heart. We all know that the only interest they have is the welfare of their pockets.

In 1981 when the government offered the SAIC to the Indian people, sellouts crawled out into the open, each claiming to be the spokesman of the people and urging people to vote. The Liberatory Movement came out with the DONT VOTE campaign. About 90% of the people boycotted the elections. Let us examine some of the results:-

PLACE	CANDIDATE	VOTES RECEIVED	REGISTERED VOTERS	PERCENTAGE
ALLANDALE	E.V.MAHOMED	337	8966	3,75%
CAVENDISH	A. RAJBANSI	1699	9221	18,42%
DURBAN BAY	J.B. PATEL	332	9171	3,60%
NEWHOLME	N. NAIDOO	420	8988	4,67%
FORDSBURG	I.F.H.MAYET	60	3987	1,5%

These figures tell a clear story, i.e., between 81,5% and 98,5~ refused to vote for the "WINNERS". Yet we know that not all Indians who could have voted registered as voters. Otherwise the percentages would have been much lower.

The boycott of the SAIC elections was a massive vote of NO CONFIDENCE in the SELLOUTS and in the SAIC they were selling.
Any person with a spark of decency in him would have hidden his face in shame.
And he would have RESIGNED. But not so with the SELLOUTS.

The SELLOUTS know that they do not represent the people. They know that they are betraying their people. They know that all decent persons, including children, have nothing but contempt for them. They know all this and much more. But for money, and R40 000 at that, they are prepared to sell their souls.

By voting in the elections, we will be helping the SELLOUTS get their R40 000 each. The more votes that are cast, the easier we make it for their consciences (if they have any).

WE MUST NOT HELP THEM !

Let us rather work towards a successful boycott so that people all over South Africa and the world are given clear proof that the candidates do not represent us and that they are nothing more than a pack of contemptible political frauds.
