

Hi Valli!

It has been some time since we saw each other I hope you are doing well "Looking after the baby" some time when you are not running.

I had discussed few things with the "GREG" he has not come back to me. If you see him tell him to send a message about the document of our trial.

I wanted to have a list of affiliates "updated" as of 1985 just before the G.C. if you can find one please. We said that medical committees would not be affiliate any longer now I cannot remember exactly when. If you can remember.

evaluation Committee

You remember that the issue of area structures was raised by the report of this committee. Until 1988 we did not have a area committee in the vessel. If you can ask Memo to consult with the defence in order to inform them about the name of possible witnesses on this point. especially people he spoke to who are still outside.

It would be nice to establish some contact you know that if way some people could come and see us often if possible.

Regards to all good people

Moss

* N.B @envelopes are like a diamond in Prison so send me some!

@ I know you are not a loyal master why don't you send us something nice (Regards to Murphy)

Spoke to Trev: that matter I raised
with you - he says it's all
nonsense
