✂✂✂ I think it will be a matter of urgency that you come down to King. What I have in mind is that you and me should assist in the typing and arrangement of the Newsletter. Since Similo is working till late I think we during the day we should do the editing of some articles.

Let us give us about two weeks to be at King. I do want this to be cut by the end of this month. I have written to one of the branch guys at King telling them that we will be coming to King.

(a) Entrain from Jo'Burg on 14/7/76.

(b) Come down with all the articles

(c) Send me a ticket R15.00c

(d) We'll meet you at station on 15/7/86

I hope that this letter will reach you on time.

POWER AND SOLIDARITY!
