

President

I hereby inform you about the immediate departure of Zweli SIZANE the National Organiser of the Organisation and the detention of Sibongile MTHEMBA the General Sec., who is now believed to be kept in a cell in Bloemfontein.

In substituting the two vacant portfolios, I saw it being necessary to elect Thami QWETHA as the acting national Org., and Joseph TSOTETSI as the Gen. Sec.

I also see the necessity of the National Executive meeting soon to discuss the calling of the seminar soon, because the departure of the two Executive members has disorganised the aims and the agenda of SASM for this year.

I had a trip to King Williams Town, Dimbaza, Durban, Graff Reinett, Thaba Nchu, Vereeniging, and I am still aiming to visit more. We have this established three new branches in Thabandu Vereeniging and Elexandra. In my trip I asked for the report of each and every branch and I am very happy to tell you that SASM members are working hard. In Graff Reinett we have three SASM members who are detained.

I am still discussing with the acting Executive about coming up to see you.

I told all the branches to draw progress report so as to work on them in our seminar, I will also request Sibusa branch to do so too.

I also enclose the SASO Bulletin, that is suppose to be analysed by each and every branch because we are also going to discuss some of the topics mentioned in it.

Thank you

V. Pres. S.S. MASIBUKO
