PROGRAMME OF THE PARTY.

Dear Comrade Jack,

The recent meeting of the P.B. took account of an item which was discussed in the last meeting of the C.C.. It was in connection with the study of our Party Programme as mentioned above.

The C.C. wished that the Party Programme, be looked into, and see if it still retains the effect it had when it was adopted - and see if there was any need to augment or delete anything that may not fit our present day situation.

To that effect, it was decided that you - G.S. or comrade J.J. if he is around, should look into the programme and report back when you are through.

I am therefore suggesting that since I am going to be away, kindly go ahead and study the programme, and when I come back we will sit and proceed together.

Secondly the A.N.C. has suggested and communicated to the Party that certain Anniversaries should be commemorated; for the Party it was felt that the 60th Anniversary of the Rand Revolt should fall within the scope of the Party, the suggestion is that the dates to be chosen should be between the 7th and the 14th of March.

After consulting the members of our Party, it was felt that you are the right person to write on this for the next quarter of the A.C.

I am sorry that I didnot convey this while I was still at home, it was because I got busy.

Wishing you Success,

Yours Fraternaly,

M. M. MABHIDA.

GENERAL SECRETARY (S.A.C.P.).
