

JOINT UNION EDUCATION PROJECT

OBJECTIVES

To integrate education into the day to day work of the Unions.

To educate their members in order that they may participate more fully in the work of their Unions.

To contribute to the process of building strong workers leadership.

To help the Unions to become more effective in the struggle for worker rights.

To provide officials and shopstewards with the skills they require to become effective worker leaders.

To provide Union members shopstewards and officials with the information they require to strengthen their Unions
