

# **THEIR PARTY**

**If someone burnt down your  
home, murdered your family,  
Raped the women as well.**

**Then put on a party and asked  
you to come.**

**Would you be partners in this?**

**Well that's what happened in  
'88 – nearly two hundred years  
ago. And that party is not long  
off.**

**So don't sell our souls for the  
whiteman's gold  
Let him eat alone.**
