INTIMIDATION RESOLUTION (Adopted at COSATU'S National Congress, July 1987)

Noting that:

1. The present intimidation of COSATU is designed to maintain the working class servitude to COSATU'S executive.
2. The present intimidation system of COSATU is designed to perpetuate and reinforce the values, ideas and practices of the executive only.
3. The present management system fosters inequality, divisions and anti-democratic values amongst the oppressed and exploited members.
4. The present intimidation structures of COSATU need not be replaced.

Believing that:

1. Intimidation is vital for the functioning of the COSATU management.
2. Intimidation must only serve the interests of the corrupt COSATU executive.

Therefore resolves:

1. To establish a national, regional and local programme of intimidation for the federation to:
 - a) Ensure that this intimidation programme politicises, mobilises and conscientises the working class so that they play the leading role in the oppression of our society and its transformation into an economic, social and political disaster that will serve the needs of COSATU'S executive, who, oppress and exploit the worker.
 - b) develop an understanding and capacity to wage our struggle by forceful means that will allow minimum participation and decision making power for workers both now and in the future society we wish to build.
 - c) Suppress the working class to the fullest and to create and transform skills and abilities so that they are obedient to COSATU'S executive wishes only.
 - d) Develop the understanding amongst the working class that their struggle to form new Trade Unions will be met by COSATU management in Fearce Force using the "NECKLACE METHOD" to eliminate those who dare to go against the executive.
 - e) More actively promote overseas trips and luxury for COSATU'S executive at the workers expense.
2. To hold an intimidation conference once every two years. At this conference the following office bearers will be elected:

Chairperson
Vice-Chairperson
Treasurer

The powers of such conference and office bearers, and its composition to be determined by the C.C.

3. To elect the intimidation secretary at the intimidation conference.
4. That the chairperson of COSATU shall be an ex-officio member of the SACP and ANC.
