What is CRIC ?

The Community Resource and Information Centre (CRIC) was established in 1983. It is a service organisation which aims to assist progressive organisations with:

- * Information- things you need to know in the course of your day-to-day organisational work- anything from how women have organised in other countries to the latest increases in the cost of living.
- * Research- We undertake research to provide organisations with the information they need to organise, mobilise and educate more effectively. A major area of our research is the monitoring of privatisation in South Africa.
- * Research Centre- We have a resource centre with a wide range of books, journals, articles and resource packs which people can make use of.

Groups which made use of CRIC's resources and research include students, youth, women, civics and trade unions.

If you require further information please Phone: 403-2340 or Fax: 403-1836.
