

COSATU CAMPAIGNS

★ CONSTITUTIONAL CAMPAIGN

COSATU demands an Interim government and constituent assembly elected by one person one vote. Sign for democracy! Sign the ANC signature campaign for these demands. Get your fellow-workers to sign the signature form!

COSATU wants:

- The right to strike
- Trade union rights
- Trade union independence
- An accountable government
- A democratically planned economy

In a democratic South Africa. A new constitution must guarantee us these rights.

Discuss COSATU's demands for a new constitution when you collect signatures.

★ JOBS FOR ALL — NO RETRENCHMENTS!

The bosses and the government are responsible for retrenchment and high unemployment. They must:

- Create jobs — set up a job creation fund
- Train and retrain instead of retrenching workers
- Give unemployed people a living UIF and pension
- Restructure industries so that jobs are created, not lost
- Agree to COSATU's demand for a 40-hour week

Make these demands to your bosses! COSATU will be putting these demands to the bosses' federation, SACCOLA, and the state.

★ ONE LRA FOR ALL WORKERS

COSATU says farm, domestic, public sector and bantustan workers must have the same rights as other workers. The conference decided on a sticker campaign to demand rights for farm workers, and a domestic worker human chain. Support the demonstrations of farm, domestic, public and bantustan workers!
