

Saboteur search goes on

Staff Reporter

THE massive police manhunt for the limpet mine saboteurs responsible for the R6-million bomb attacks at three Sasol plants this week is continuing.

Lieutenant-Colonel Leon Mellet, head of the media liaison section of the Police Directorate of Public Relations, said in Pretoria yesterday that no arrests had yet been made in connection with the attacks at Sasol 1, Natref and Secunda on Sunday night.

He said police were following every possible lead in their search for the saboteurs.
